

Issaquah Sportsmen's Club  
Shooter's Questionnaire

This Questionnaire is the Board of Directors attempt to obtain information from Range Users about how they perceive the Range and how they want the Club to operate and function. This is a tool that the Board will use to that end. Your honest answers and input are very important to achieving that goal. Add your comments and suggestions to allow us to determine a direction on Range use. Please fill this out today and return it to the Range Officer before you leave. We will try to implement this input as time and resources allow.

This is your chance to be heard – to speak your mind and implement changes you would like to see.
