---

The club is proud to be a member of the Issaquah community, serving sportsmen from this location since 1920. Our facilities are utilized by many local and state organizations. Some of these organizations include: Scouts, 4H Shooting Sports, Hunter Education, Bowhunter Education, and many others. If your organization is interested in utilizing our facility give us a shout we'll do what we can to help you out. From the beginning, our firing range has provided a safe place for both the public and members to shoot. Our range is a place where sports enthusiasts can hone in on their skills while observing safe firearms handling and shooting. We now have an archery range available for members only and their guests. We hope you'll enjoy the facilities and camaraderie, come out and enjoy.

Since its inception, the Issaquah Sportsmen's Club has been active in supporting wildlife conservation. The Club has participated in re-stocking Lake Sammamish. We helped establish the salmon hatchery in Issaquah and have been involved in many other initiatives related to the conservation of wildlife throughout the area and the state.

Please enjoy your visit on our website and come back often. We do our best to provide as much information as possible about our club and its facilities however if you have any additional questions please do not hesitate to contact us.

# Welcome, thanks for stopping by!
